3 PRINCIPLES FOR VALUATION AND PROFIT AND LOSS CALCULATION

GENERAL

Group structure

The Foundation was incorporated as a foundation under the laws of the Netherlands on 8 March 2016 and has its seats in Amsterdam, The Netherlands. Its principal place of business is Willem van Oranjelaan 6, 5211 CT 's Hertogenbosch, The Netherlands.

The foundation is established as a public benefit foundation (as mentioned in article 5b of the Common Law regarding governmental taxes) and has the following objective: to promote innovation and the improvement of food, health and social wellbeing, and all activities that are connected with or that may be conducive to the above for the public benefit, and all this in the broadest sense.

The foundation endeavours to achieve this objective by, among others:

- a. to fund programs, initiatives or projects in the field of the objectives;
- b. to give financial contributions to other charities, businesses, organizations, institutions, events and/or experts with similar or complementary objectives as the foundation's objectives or to help realize the foundation's objectives; and
- c. by carefully managing the capital, in such way to sustain and guarantee the earnings and investments of the foundation in order to be able to realize its objectives.

The foundation is a non-profit organisation.

GENERAL ACCOUNTING PRINCIPLES FOR THE PREPARATION OF THE ANNUAL ACCOUNTS

The annual accounts have been prepared in accordance with Title 9 Book 2 of the Dutch Civil Code.

The annual accounts have been prepared based on the tax accounting principles. Valuation of the assets and liabilities and determination of the result takes place under the historical cost convention.

Continuity

The Foundation intends to continue the activities as initiated during the next financial year.

Conversion of foreign currency

Assets and liabilities denominated in currencies other than Euro have been translated at the rate exchange prevailing at the balance end date. All transactions in foreign currencies have been translated into Euro at rates of exchange approximating to those ruling at the date of the transactions. Resulting exchange differences have been recognised in the profit and loss account.

PRINCIPLES OF VALUATION OF ASSETS AND LIABILITIES

Liquid assets

Cash and cash equivalents

Cash and cash equivalents are appreciated against face value and are, unless stated otherwise, at free disposal of the Foundation.

The exchange rates used in the financial statements are:

	<u>31/12/2023</u>	<u>31/12/2022</u>
1 EUR = USD (US Dollar)	1.1055	1.0325

Long-term liabilities

On initial recognition long-term debts are recognised at fair value and then valued at amortised costs. This is usually the nominal value.

Short-term liabilities

On initial recognition short-term liabilities are recognised at fair value and then valued at amortised costs. This is usually the nominal value.

PRINCIPLES FOR THE DETERMINATION OF THE RESULT

Determination of the result

The result is determined based upon the difference between the donations received and the costs and other expenses taking into account the accounting principles mentioned before.
